

Vision

- IIT Tirupati will be a leading center of higher education with a global outlook and local relevance.

Mission

- To educate undergraduate and postgraduate students to think deeply about and engage in the social, scientific, economic, and professional challenges of our times.
- To generate, preserve, communicate, and apply knowledge for the benefit of society through research.
- To provide public service through outreach programs and industry partnerships, by disseminating research results and translating scientific discoveries into practical knowledge and technological innovations that benefit the nation and world at large.

Key Objectives

- The primary objective of the Indian Institutes of Technology is to provide scientists and technologists of the highest caliber who would engage in research, design, and development to help in building the nation towards self-reliance in her technological needs.
